REPLY TO
ATTN OF INS

28 MAY 1982

SUBJECT Study of Harassments and Provocations

TO Chairman
DCI Security Committee

1. Your memo, (SECOM-D-172), 5 May 1982, asked for comments on the possible dissemination of a modified version of the Study of Harassments and Provocations to industry.

2. The Air Force input to the study was provided by the Air Force Office of Special Investigations (AFOSI). I concur with AFOSI comments on your proposed release of the study to industry and agree that the study might be improved by the addition of the case example of the People's Republic of China (attachment 1).

REPLY TO
ATTN OF: IVO

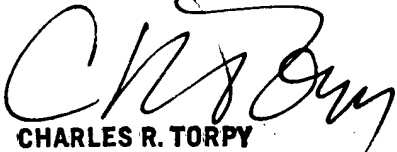

26 MAY 1982

SUBJECT: Study of Harrassments and Provocations

TO: AFIS/INS
Attn: Mr. Smith, INSC

1. AFOSI has reviewed the DCI SECOM proposal for an unclassified version of the Study of Harrassments and Provocations for contractor personnel. We wholeheartedly endorse the concept of improving defense security awareness among contractor personnel and specifically, we approve the use of the Air Force case examples cited in the SECOM proposed draft.

2. We note that the SECOM draft has only a limited number of case examples on the People's Republic of China. Attached to this letter is a summary of a 1981 incident involving a USAF officer and his wife which was not available to us at the time we submitted our original input to the Study of Harrassments and Provocations. We offer it at this time for possible inclusion in the new draft.

CHARLES R. TORPY
Deputy Director of Counterintelligence
